PRESENTATION:

English for Business I is a transversal subject in the **Business Administration** degree programme, therefore, the topics covered will be directly related to other subjects you are studying in the degree programme.

The topics of the course focus on four key areas in Business Administration:

- Business Organisation
- Marketing;
- Management and Human Resources
- Economics.

The objective of this course is **to develop confidence and fluency using English in business related contexts** with a clear focus on the four main study skills: reading and listening comprehension of business related texts, writing practice with business related topics and oral communication within business settings.

Class participation is essential and you are expected to participate actively in class in order to improve your oral communication skills, listening comprehension, reading and writing skills.

Classes will be interactive and consist of projects centered around the four key topics with a specific focus on pair and group work and learning how to use the specific English skills you will need for other subjects taught through English and for your future profession. You will be required to carry out group projects and present findings to the class in the same way you would be required to do when working in a real business environment. Throughout the course you will be encouraged to expand your business English vocabulary considerably.

Observations for students exempt from compulsory attendance due to special circumstances:

Students who are unable to attend 80% of classes during the semester due to justified reasons (previously communicated to the Programme Coordinator) will have to get in contact with the lecturer by **10th February**. They will be required to follow the progress of the subject by doing the reading and case work (both individual and group work) which will be indicated on the **PDU**. **Failure to pass this coursework with a minimum mark of 5 out of 10** will imply not being able to sit the final exam. The remaining % will be determined by sitting the final exam. The **mark of the final exam** will have to be of **at least 5** to be able to average out with the practical part (continuous assessment). **Students who fail** the subject will have to retake the exam in July for the whole subject (practical and theoretical). Students will sit exams on the same day and time as all other students of the subject.

Each particular case will be analysed to design a learning strategy and related individualized activities that guarantee the achievement of the stated objectives. In these cases the student will have to attend the tutorials previously agreed with the lecturer. In the event that the student does not contact the lecturer on the indicated date, he or she may lose the right to be evaluated on first call by having exceeded the absences allowed (20%).

Those students who have been exempt from compulsory attendance will be assessed with the same criteria as attending students. Students will only be allowed to be exempt from class attendance when absence has been justified and agreed.

TEACHING AND LEARNING METHODOLOGIES AND ACTIVITIES:

Teaching and learning methodologies and activities applied:

Classes are conducted exclusively through English. Students are expected to participate in class and in all class-related activities in English. Although this may be difficult for students at the beginning of the course, their linguistic competence will improve rapidly through active participation. Classes are practical and communicative. Many class activities will be conducted in pairs and groups in the format of information gaps, debates, project preparation, problem solving, simulations, presentations, etc. This approach enables maximum student participation and talking time in class. It also encourages cooperative learning and meaningful interaction between students and the development of professional competences.

Tutorials

Students are encouraged to avail of tutorial sessions as during these sessions, students can ask questions, clarify concepts, ask for additional bibliography, etc. Some tutorial time will be devoted to assistance with group work. Your lecturer will inform you about tutorial times.

Independent Study

Students are expected to complete all independent study tasks. These tasks are focused on the development of reading, writing and listening skills along with vocabulary extension. All tasks must be completed as they will be evaluated directly or indirectly (through participation, individual work or group work). It is therefore very important to check the PDU every week to know the submission dates.

Integration of English language in the subject:

The subject will be taught in **English**. The material provided and the lectures will also be in English.

Internationalisation is one of the main objectives of CESUGA. The teaching staff will be gradually introducing materials, texts, audio visual media and other content through English in the subjects they teach. This course of action is included in the principles of the European Area of Higher Education (EAHE). The aim is for students to naturally and effectively use English in authentic situations while studying subjects included in their degree programs. Exposure to the English language forms an intrinsic part of each degree programme's plan of studies.

All activities in this subject will be carried out in English. These activities can be seen in the provisional activity plan and are marked: basically oral presentations, writing abstracts, use of sources in English, etc.

Student work load:

Teaching mode	Teaching methods	Estimated hours
Classroom activities	Master classes	10
	Other theory activities	6
	Practical exercises	20
	Practical work, exercises, problem-solving etc.	20
	Coursework presentations	2
	Assessment activities	6
Individual study	Tutorials	2
	Individual study	20
	Individual coursework preparation	20
	Group coursework preparation	20
	Research work	12
	Compulsory reading	12
Total hours:		150

ASSESSMENT SCHEME:

Calculation of final mark:

Written tests:	30	%
Individual coursework:	20	%
Group coursework:	15	%
Final exam:	35	%
TOTAL	100	%

Specific assessment criteria

The **evaluation system on second call** will be identical to that of first call, with the **same percentages**. It is compulsory to pass the theoretical exam of this call. All those students, therefore, who do not pass the subject in the first call will be either because they did not pass the final exam, or because even if they did, did not reach the **minimum grade of 5** in the sum of the corresponding percentages. The marks of the **"Individual coursework"** and the **"Group coursework"** will be kept if they have been passed, keeping the same percentages on the **final mark**. You must redo the one or those indicated by the lecturer and resubmit them on the second call. The same assessment criteria applies in July. Therefore, the student must attend the exam revision of the first call to know exactly what to submit on the second call. It is the student's responsibility to contact the lecturer for this purpose.

ASSESSMENT:

WRITTEN TESTS: 30% (Written Test 1, 15% of the mark and Written Test 2, 15% of the mark)

INDIVIDUAL COURSEWORK: 20% (10% written essay, 10% oral presentation)

GROUP COURSEWORK: 15% (10% written essay, 5% oral presentation)

FINAL EXAM: 35%

Spelling: Within the evaluation criteria, the University considers spelling a priority issue. Under the protection of the changes in the language standard in the Spanish language included in the Spelling of the Spanish Language (2010), published by the Real Academia Española, CESUGA has established some correction criteria related to this work that will be applied in all tests of the matter. The document that includes the set of criteria and its sanction is published in the University Teaching Platform (PDU) of the subject. The same applies if English is the main language. Refer to unacceptable grammar errors.

Plagiarism: Likewise, and in accordance with the University's Good Practices manual, plagiarism in any of the work carried out will be considered a very serious offense, since it violates the deontological code of any profession. All assignments/ tasks must be handed in through the PDU and will be checked through Turnitin to avoid plagiarism.

Electronic devices that disturb the attention and the correct development of the subject will not be allowed in class, unless expressly mentioned by the professor and those provided by the University.

Absences: Failure to attend class more than 20% of the stipulated hours without authorization may lead to the loss of the evaluation on first call.

Assessment methods:

Assessment method	Learning outcomes assessed	Assessment criteria	%
INDIVIDUAL COURSEWORK	R01 R02 R03 R04	Students have to demonstrate that they can integrate new language knowledge and content and can apply them as business professionals. These tasks will focus on language skills for business contexts.	20
FINAL EXAM	R01 R02 R03 R04	Students have to demonstrate that they are able to apply the language and content studied throughout the course by completing both receptive and productive test items. Test items will vary and include language and use of specific vocabulary, reading comprehension, listening and writing tasks.	35
GROUP COURSEWORK	R01 R02 R03 R04	Students have to demonstrate evidence of planning and group work. Output should be relevant and reflect language progress, interest, accuracy, fluency, cohesion, coherence along with presentation skills.	15
WRITTEN TESTS	R01 R02 R03 R04	Students have to demonstrate that the contents of the course have been sufficiently understood and applied in both receptive and productive test items. Test items will vary and include language and use of specific vocabulary, reading comprehension, listening and writing tasks.	30
Total weighting:			100
